

Health Fair Scheduled for May 15th

Spring is in the air and that means it is time for Central Valley Medical Center's annual Health Fair! Mark your calendar for Saturday, May 15, from 9:00 a.m. to 12 Noon.

This year's theme, Get Fit and Be Well in 2010, is designed to give participants information that will assist in reaching optimal health.

Discounted laboratory tests will be offered only on the day of the health fair.

Laboratory tests include the comprehen-

sive metabolic profile (cholesterol) test for \$20.00, and a prostate specific antigen (PSA) screen for \$15.00. Thanks to a grant from the Six County Association of Governments Agency on Aging, seniors living in the Six County area can receive these tests for just \$5.00 each. Remember you must come fasting for the cholesterol test.

One of the most popular services is the bone density testing. This will be provided by Osteo Imaging, Inc., and is free of charge on a first-come, first-served basis.

In addition, booths and vendor exhibits will provide free blood pressure testing, bone density screening, blood glucose checks, oxygen saturation checks, body fat testing, diabetic information and much, much, more!

Nebo Vision Clinic will be providing free vision and glaucoma screenings to participants.

There will be food and fun giveaways for all participants. For more information contact Heidi Kelso at 435-623-3115.
